## COMPANY SUMMARY

Levant Beverage and Dairy Industries SAL (LBDI) is a leading supplier of dairy products manufactured in Lebanon.

We are committed to total customer satisfaction by providing quality products with competitive prices. We aim to be a globally innovative developer and competitive exporter, providing genuine products & services to our customers.

LBDI is innovative, modern and cares for the highest quality of its products. The process of brand development involves a continued focus on perfection.

The continuous search for new ingredients, recipes and technologies allows us to create more and more the ideal range of products that meet consumer needs and help us achieve complete customer satisfaction.

## DAIRIDAY

Dairiday is one of the leading dairy brands in Lebanon since its establishment in 1997, proudly providing a complete range of fresh and tasty dairy products.

Our farm, located in the Bekaa Valley and our factory in Kfarshima, played a major role to upgrade consumer taste in fresh products and to always produce products with high-quality standards.

## DAIRY FARMS

A product by Dairiday, a second line of fine and tasty dairy products derived from powder milk. Created to satisfy consumer needs at a competitive value.

## MISSION

A leading manufacturer and supplier of dairy products, committed to total customer satisfaction.

## VISION

We aim to be a globally innovative developer and competitive exporter, providing genuine products & services to our customers.

## VALUE

We believe in: quality, innovation, customer satisfaction, leadership, discipline and honesty.

## FARM & FACTORY

### FARM

Located in the fertile and pastoral Bekaa Valley, our farm is home to passionate farmers and precious beings. Our cattle include hundreds of healthy and happy cows that originate from Holland and France.

### FACTORY

Our automated factory is a harmonious mix of technologically advanced machinery and traditional savoir-faire that emphasizes food safety and quality to reflect our high standards and commitment to excellence.

## RURAL DEVELOPMENT

We strive to have a continuously positive impact on the local community. Since our early days, we have been committed to source the fresh milk from both our own farm and from a select group of adjacent farms chosen based on stringent criteria and quality control measures.

We are proud to support farmers in the community and to play a part in promoting regional development, providing economic and social opportunities, raising agricultural standards and developing the sector as a whole.
